

POWERPRO4700

4700 LUMENS

BRIGHTNESS WITHOUT LIMITATIONS

4,700 ANSI Lumens of brightness that can be seen even when the lights are on. As the demands for brighter and more vibrant screen images grow, so does the need for presentation systems that are as flexible as they are powerful. Now that the PowerPro4700 is here there is no need to be limited by the typical confines of a fixed-installation projector. The PowerPro is versatile in that it can be installed in a sanctuary yet light enough to use as a portable projector.

HIGHEST PERFORMANCE AND VALUE STANDARDS IN ITS CLASS

The PowerPro4700 offers all of the features you would expect in a large expensive installation projector at an affordable price. Producing razor-sharp images with natural color reproduction and having multiple computer input/output terminals, makes the PowerPro the industry leader when it comes to the best dollar performance to size ratio.

DESIGNED TO PLEASE

Meeting the presenter's need for flexibility and versatility, PowerPro is the shape of things to come in presentation systems. With a fully functional remote control and compatibility with multiple media sources, all your presentation needs are at the touch of a button.
